

FOUR FEARS

Therefore Entitled to Court's Protection.

Point Was Raised in County Court.

The December sittings of the County Court were started yesterday at the Court House, with Judge Snider presiding.

Owing to the fact that the jail and other institutions have been recently inspected, Judge Snider dismissed the case.

The first case heard was that of *Ang v. Kinschewsky*, a property dispute. The jury verdict was struck out, and his honor heard the case. Mrs. Nellie Pong was brought before him on a charge of assault, by the will of her mother. Number 223 was also disposed of by the court. Plaintiff contended that three feet of her property and also an alleyway, were sold to the defendant, and asked the court to restore them to her by adjusting the deed. Martin Malone appeared for the plaintiff and W. Y. Evans for the defendant.

A considerable evidence was submitted, which involved auction sale of the property, bills of sale, mortgages, etc.

Emil Kinschewsky, the defendant, said he purchased the alleyway when he bought 223 Barton street east, and added that he owned it.

The parties were then taken to the use of the alleyway. After hearing the testimony, Judge Snider said that the defendant did not object to the deed, and the court ordered the deed to be adjusted.

Before the defendant left the stand Mr. Malone asked him where he was "poisoned," he replied.

Mr. Malone then asked that the name be dismissed as the defendant was a forger.

To this he promptly replied: "I am a naturalized Canadian and have been for 21 years. My father was born in Poland, but I can't help that."

Defendant is a well-dressed and intelligent looking man and speaks good English.

The action of Arthur McMaster vs. George Lewis, of Toronto, for damages for injury to his car on the highway last May 24, due to a collision between the car driven by Lewis and Lewis, was heard this morning.

The jury was still out at noon time. Arthur McMaster appeared for the plaintiff and George Lewis for the defendant.

SHOTGUN GAS SUPPLY

Dunville Will Pay More to Get Service.

Sore That Hamilton Was to Get Preference.

Dunville gas consumers are greatly agitated over the prospect of losing a great share of their gas supply.

The Hamilton situation is a criterion of what may be expected in Hamilton this winter, it is said.

The officials of the little burg, suspected they were to be denied gas, so that Hamilton would not run short.

Owing to their being holding company controlling the output, which sells to the distributing companies, the situation is complicated for all municipalities.

Ontario Gas Commissioner, Seitz, is expected to visit Hamilton to review the situation there, and he also visited Hamilton and took up the matter with the officials of the Hamilton Gas Company.

It was discovered that the company had a surplus of gas, and could not increase its supply at the price that would enable it to sell to the Hamilton consumers without loss.

Joe Beckett Favorite But British Experts Seem to Fear Carpenter

Undercurrent of Belief That Georges Will Go the Route and Outpoint the Briton

London, Dec. 4.—Wally Joe Beckett, British champion, is a slight favorite over Georges Carpenter, European heavyweight thirder, for their heavy-round contest in the Holborn Stadium to-night, there is a strong undercurrent of belief among the sports fans that the Frenchman will win.

It is the fact that the Frenchman is apparently in good condition. It is the fact that the Frenchman is apparently in good condition. It is the fact that the Frenchman is apparently in good condition.

Both men finished their hard training yesterday. Beckett, who is used to the ring in London, is expected to enter the ring in fit condition for a hard battle.

EXPERTS GET OUT
While Carpenter obviously is fit to give a hard fight, the British experts are not so sure of his condition.

Asked if he thought that Carpenter would be a good prizefighter, he replied he did not know, but he had no doubt that Carpenter was a good prizefighter.

He will give a good account of himself. The Russian, who is a retired wrestling champion, is here, and says the chief interest will be in a clever boxer trying to battle a strong, rugged puncher.

Carpenter is of the slender, wiry build of the boxer, and is a powerful fighter. It is a question of the rapid, foot tactics of the Frenchman, which will be the key to the success of the fight.

Though as a rule boxers would not fight a rule boxer, perhaps the Frenchman will be interested to hear what a man who has faced both Carpenter and Beckett has to say.

Rink Officials Dictate Terms to the Tigers

Agree on Split but Give Bengals to Understand That They Must Guarantee Good Team and Sell Tickets at Arena

Getting "Mickey" Roach and Tommy McCarthy back into the good graces of the O. H. A. is not the only difficulty the Tigers have to combat with at the present time, for according to reports they are on anything but friendly terms with the rink officials. Some time ago Tiger officials had a conference with arena officials in regard to renting the rink for the winter, and representatives of the yellow and black were given to understand that they would have to pay fifty per cent of the gross receipts for rental.

This did not meet with the approval of the Tiger officials, and it was rumored that they were dicker with the rink officials, and expected to play their

games there. This, however, was not verified. This morning it was learned that the arena directors at a meeting held on Tuesday night had instructed Manager Thompson to write the Tigers, informing them that they could have the arena on a 50-50 basis, but they must guarantee to have a first class team and an experienced coach. They also stipulated in their letter that tickets for all games must be sold at the arena and not up town as pointed out by the Tigers.

The letter will hardly meet with the approval of the Tiger officials. The 50-50 is agreeable, but Tigers will hardly stand for the tickets being put on sale at the arena, and furthermore they have no intention of paying money for a professional coach.
